From the moment you set eyes on its clean lines and well-kept exterior, it is clear this is a vehicle that has been both respected and enjoyed.

The heart of this Kadjar is its crowning glory: the renowned 1.5 dCi engine. This is not merely a Renault power unit; it is a benchmark of diesel durability that has been adopted and trusted by industry giants like Mercedes and Nissan for its unshakeable reliability and remarkable efficiency. Having covered 126,000 miles, this engine is not nearing the end of its life but is comfortably in its prime, a fact we can attest to having sold many vehicles featuring this very engine at similar mileages with flawless results. It provides a relaxed, torque-rich driving character that makes light work of motorway journeys and urban commutes alike.

However, this Kadjar offers far more than just dependable transport. It invites you into an environment of surprising refinement and modern technology. As the Dynamique Nav specification confirms, it is generously equipped to cater to every aspect of your drive. The integrated satellite navigation system ensures you are always on the right track, while the comprehensive media centre offers full connectivity for your digital life. Whether you prefer the seamless wireless integration of Bluetooth streaming, the direct connection of a USB cable, or the simple plug-and-play convenience of the AUX input, this system supports it all, putting your music and podcasts at your fingertips without compromise.

And then there is the drive itself-the quality that all Kadjars are
